ANNUAL SADIE HAWKINS DAY RACE

ADMINISTRATION

Superintendent—W. Foster

Curriculum Director—W. G. Wilson

It is not a sign that a man lacks education if he does not know the date of some insignificant historical event, the latitude of a certain city, or the formula to make an atom bomb. It does indicate a lack of education if he cares nothing for any of the arts, fails to exercise good moral judgment, is unable to understand his fellow man and his related problems, or is unable to adjust to the changing environment in future years.

You, as leaders of tomorrow, should seriously consider these statements, for these are your formative years and what you learn now will determine your future and the future of your fellow man.
